UPLOAD OF ONLINE TRANSPORTATION SCHEDULES

August 27, 2020

Parents, Guardians, Students, Schools, and School Bus Operators,

Numerous changes to school bus routes occur regularly during the first few weeks of a fall return to school. Ensuring the accuracy of student schedules is necessary for student safety, and with many new protocols at the school, on the school bus, and in the community, North East Tri-Board Student Transportation will be changing its practice of nightly change uploads to a weekly change upload.

With this change, uploads to our online system: <https://geoquery.netribus.ca>, will only be made on Friday Evenings. System users (parents/guardians, students, schools, and operators) will only see the route changes from the past week on Saturday, and the **changes will take effect on the Monday Afternoon Run.**

The schools, parent/guardian, and eligible students can still send in requests changes to the Transportation office on a daily basis, but these changes will not take effect on the Monday Afternoon Run until they are entered into the system, uploaded, and visible on the system.

This is a necessary step to ensure the overall student safety and accurate delivery of student transportation information. We appreciate your understanding and any help that you can provide to communicate this change with all families.

Sincerely,

Ryan Hartling
Supervisor of Transportation
