

**Northeastern  
Catholic District**  
SCHOOL BOARD

A place where we all belong.

January 16, 2025

Dear Families,

We wanted to provide you with a brief update regarding the recent PowerSchool cyber incident. We know that this is a concerning issue and our work continues with PowerSchool to understand the precise data impact of the breach.

At this time, we continue to conduct an internal audit in partnership with PowerSchool to understand the precise impact to the NCDSB. Given the size and scope of the incident to boards across North America, it is taking time to properly identify the impact of the incident.

We want to assure you that this incident continues to be a priority for the NCDSB and all boards affected.

More information will be sent to you in the coming days.

Sincerely,

*Tricia Stefanie Welty*  
Director of Education
