

Student Trustees Reflect on the Importance of Catholic Education

Catholic Education is important to me...

Darlene Louttit

“It creates a sense of community and belonging, encourages academic excellence, and emphasizes service and social justice, preparing students to be responsible and compassionate members of society.”

Sahayma Omenye

“It is important to me because it gives students the opportunity to grow and develop their faith while learning. It provides a supportive community where students can explore their spirituality and deepen their relationship with God while learning.”
